

RAYLORE FARM

Sale

HUTCHINSON  **MINNESOTA**

Saturday

APRIL 16, 2022

Welcome to The Raylore Sale!

We are excited to share this catalog with you and welcome you to Hutchinson on April 16. Inside you will find our best and select consignments from top Holstein breeders in our area and across the U.S.

The Raylore lots represent our approach to breeding Registered Holsteins – something we've been committed to for more than 75 years. The pedigrees are deep, consistent and predominantly homebred. Over the years, we've also carefully invested in genetics from top-end breeders to further our herd. These purchases have complimented our homebred families and make up the herd today.

In 2021, Raylore Farm reached its highest BAA to date – 112! Our humble Minnesota nature tells us not to brag, but we are incredibly proud! We believe a BAA is more than a number. It reflects the efforts of three generations of our family and countless memories. It also signals the perfect time for us to open our herd to you like never before.

Thank you to the consignors who are offering outstanding individuals as part of the sale. We appreciate your friendship and trust in us to sell some of your best. Also, thank you to the frontline crew at the farm, who we consider part of our family. This sale would not be possible without you! Thank you to the sponsors and vendors we do business with each day – we appreciate your support today and along the way.

And endless gratitude to our four children – Sarah, Luke, Lana and Elizabeth – who we are more proud of than the cows! Luke is an especially vital part of day-to-day farm operations while continuing a successful career in animal health. We love that we've successfully "transmitted" ample passion for breeding and exhibiting cows to our children and look forward to supporting their future success any way we can.

Now a proud Grandpa and Grandma of five and counting (#6 arriving in July!), we hope this herd reduction gives us the time to slow down. We're looking forward to spending more time together, traveling to Vermont and New Ulm more often and attending ample events with our grandchildren.

Raylore Farm will continue to breed and exhibit Registered Holsteins while prioritizing honesty, integrity, and keeping family at the center of everything we do. We thank God for our family, cows, and the many friends we've made in this business. Please let us know if we can answer any questions about our offering. We are excited to watch these individuals develop and succeed in your herds!

Here's to completing one chapter and being ready for the next to be written,

Loren & Laura Olson

THE RAYLORE SALE

MCLEOD COUNTY FAIRGROUNDS
840 CENTURY AVE SW, HUTCHINSON, MN

Schedule of Events

FRIDAY, APRIL 15TH:

Cattle viewing all day with refreshments

SATURDAY, APRIL 16TH:

6 AM Cattle viewing begins with coffee and donuts

9 AM Youth workshop: Show Day 101

11 AM Sale Time!

Follow us on Facebook for barn photos, videos,
lot updates and more!

"The Lexi family at Raylore began with a conversation I had with Luke that the Lila Z family from Lylehaven would be a good one to add to our farm. So when he and our friend Conrad Kvamme were at Madison one year and saw a Goldwyn daughter of Lila Z's full sister was selling, they bought her. Lexi was a great heifer to work with and cow to breed from. In a unique twist of fate, our daughter Elizabeth now lives where Lexi was born - now known as the Haven at Fairmont." Loren

"I wanted to invest in Red & Whites because I saw the special value they bring to the table AND I like the way they look! Loren has a very good eye for a good cow, and I appreciate his help picking her out. Attending the sale has become a special memory for us - we have long enjoyed taking quick adventures together. We can't believe how many beautiful females have come from this one purchase! We love Tosha and what Tiffany, Tequila and their descendants have done for the breed!" Dr. Laura Olson (Mom)

The A family, which originally was known as the Victoria family, stems from a cow my Dad and I bought from Wally Warnke, a cattle jockey who obtained her from Alvin Scheel at Rice, Minnesota. She was a Herschee Romeo Benefactor daughter that was a longtime stalwart at Minnesota Valley Breeders Association. From that cow family we crossed our Segis bull from the Elmer and Ole Peterson herd and then our Telstar son from the Cotton herd in South Dakota. Raylore Sege Victoria EX-90 GMD DOM x Trustar proved to be a golden cross at Raylore as it resulted in eight Excellent daughters in our herd alone - before embryo transfers were common. EX-92 Alma was one of the daughters and she produced the All American Ali 91. After Ali came Allison 90, Alissa 90, Alise 91, Luke's Alberta 90, Averill 94, Avery 93 and Avignon 92 - so far. There are many other side stories to this family that I could tell you, and I will if you just ask. The family encompasses three generations of Holstein breeders in our family, which makes it very special to me." Loren

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, March 26, 2010 and March 24, 2016

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving. The sex of an embryo or fetus is in no way guaranteed.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
